Human Resource

In the Academic Year 2021-2022, MCC continued to allocate investments in the promotion and culture of Arts. The Institution continued to employ 2 renowned artists, Mr. Dodjie Aguinado, a local visual and digital artist who previously worked in National Television Agency, and Mr. Jalec “Jake” Abella, a Gawad Urian Artist (Prestigious National Award for Movie Musical Scoring). Mr. Aguinado currently works in various Art programs of the Institution, such as the transformation of Offices and Laboratories into Creative Spaces through visual works, Art Exhibits, Institutional Animation Works, and College Arts and Crafts. Mr. Abella, on the other hand, continues to create original musical compositions for the college.
