Mabalacat City College Enrollment and Disability Overview: Academic Year 2023-2024

The pie chart below presents the enrollment distribution of 3,745 students, representing 99.80% of the total cohort at Mabalacat City College for the academic year 2023-2024.

Of these students, two (0.20%) have been identified as having disabilities: one with Duchenne Muscular Dystrophy and another with a right leg amputation. In alignment with its inclusivity policy, Mabalacat City College conducts annual data updates on students with disabilities. This initiative enables the College to review and enhance support services, ensuring they effectively meet the needs of all students.
